

Name = Devashish

Course = MCA

Section = A

University Roll No. = 2001055

Subject name = Computer Networks

Subject code = TMC 203

- (2) Problem Statement :- There are two organizations in a city named GEU and GEHU, design a network b/w the SOC department of GEU and GEHU. Also, show the Communication b/w user no.1 of GEU and user number 2 of GEHU.

Description :- We use packet tracer here to show the networking & communication between users.

We use two PCs as two users or nodes then they are connected using a switch.

Then we configure IP addresses of both the users.

In command prompt we check the communication using 'ping' command.
